

YEAR 3

Maths

Multiplication and Division

Money

Fractions

Measurement of time, length, mass, volume

Problem solving and reasoning activities with number using the four operations.

English

Correct use of inverted commas (speech marks)

Report writing

Prepositions

Creating own superhero

Writing a story featuring own superhero

Story structure

R.E.

Angels

Looking at their role, what they mean, how they make other people feel.

Exploring the role that they have in the Christmas story.

Understanding why they are important to Christians, particularly at Christmas time.

PE

Tennis

French

Following on from our successful unit of learning the numbers 0-12 in French we will be learning about the colours and how to read, say and write the common colours.

Music

Identify steps, leaps and repeated notes in melodies to begin to explore different scale patterns (major).

Identify how rhythm patterns fit to a steady beat and begin to understand four-metre. We will be using a song called Christmas is coming.

History

Changes in Britain from the Stone Age to the Iron Age

Know and understand the history of these islands as a coherent, chronological narrative, from the earliest times to the present day: how people's lives have shaped this nation and how Britain has influenced and been influenced by the wider world.

Understand the methods of historical enquiry, including how evidence is used rigorously to make historical claims, and discern how and why contrasting arguments and interpretations of the past have been constructed.

DT

Structures—designing and making a box for a real life superhero.

Exploring nets of 3D shapes.

Conduction product research for the recipient.

Evaluating final product.

PSHE

Valuing difference

Computing - Coding/Programming

Using Crumble

I can create algorithms for my programming projects

I can decompose projects (such as an animation) into steps to create an algorithm

I understand abstraction is focusing on important Information

I can design a program

I can create a program using a design

I can create a sequence of code

Science

Sustainability: We will be looking at food waste

Rocks: Compare and group together different kinds of rocks on the basis of their appearance and simple physical properties.

Homework

Please see the separate sheet for the homework grid. Please continue to use Mathletics and TTRockstars as well as reading 3 times a week.

Superheroes!

Dear Parents,

Over the next half term, your children will be engaging in a broad and balanced curriculum including everything outlined above. If you have any comments or questions about the work your child is completing, please do not hesitate to get in touch.

Thanks for your ongoing support.
